

Hello all, we are coming to a close for the 6 week summer access period and entering the rapid swap, rebuild, and re-everything week to prepare for opening on the 8th for the start of class.

2nd years have until Sunday the 30th to remove items from the studio areas. The building is open 9-5 Saturday and 10-6 on Sunday.

Throughout this coming week we will be re-working studios that need to be divided or created new on the 4th, 3rd, and 2nd floors. It will be very busy around the building, so unless you are packing or moving a studio please refrain from coming into the studio area until late in the week. The guys have completed a good number of spaces already for new 2nd years to move into, but we still have a bunch to go so please email Tim or I to see if your space is ready.

For incoming 1st years the earliest time to move in would be Thursday or Friday this coming week. We are trying to provide move in time as well over the weekend of September 5th and 6th. I will confirm weekend access by Wednesday this week.

I want to thank everyone for making the summer access period a success, it was excellent to have you working in the space again, working from life, and creating!

Please email me with any questions.

Best,

Mike Smith
