Southampton Arts Center announced its 2020 Vision exhibition in collaboration with the New York Academy of Art. This visual reflection on the present includes works of art and an array of selected texts ranging from poetry to essays. The show features work by emerging talents alongside art heavyweights such as Eric Fischl, Rashid Johnson and Rachel Hovnanian, who were asked to consider the following question: "If we know that life will never be the same, how do we want it to change when it is time to rebuild?" Be sure to check out their creative ruminations. Through Dec. 27, southamptonartscenter.org
