New York Academy of Art announces a presentation of new works by the Academy's community of acclaimed and emerging artists specially curated by artist **John Alexander** at booth (**AS-10**) at the **Art Southampton Art Fair**. These extraordinary works champion the resurgence of figurative art and are examples of the Academy's reverence for the time honored methods of painting, sculpture and drawing combined with each artist's desire to master and then re-frame these techniques to create vital and progressive art.
